Re: Opposition to SB224

Dear Chairwoman Pazina & members of the Senate Natural Resources Committee,

The Nevada Chapter of Backcountry Hunters & Anglers (NV BHA), has sportsmen and women in the field pursuing our hunting and fishing traditions throughout the far reaches of Nevada's public lands. While we recognize that the guides and outfitters are a part of our outdoors community, we do not feel there is a need to make any changes to the Wildlife Commission.

NV BHA feels the Wildlife Commission is well-structured and very capable of representing the public's interest on our public lands as is. There are many other ways to ensure the guides and outfitters are represented without making any changes to our well-balanced Wildlife Commission.

Thank you for your consideration of our comments and for your public service to protect the health of our wildlife and their habitats,

Bryce Pollock  
NV BHA Board & Policy Committee
